Instructions for the authors

1) Presentation & Poster

Presentation

- Made in MS PowerPoint or Prezi. If you choose to use Prezi, please be sure to have a copy in PowerPoint in case of technical issues
- Please be so kind to have in mind that the official language of the congress is English, therefore all the content should be written **in English,** while the delivery can be in any of the languages of the region
- Delivered at least 60 minutes beforehand, ideally at theregistration
- Contains full names of authors **(with diacritical signs, no initials)**, affiliation of all authors, and a contact e-mail
- Standard font (Arial, Times, Verdana, Helvetica, Tahoma); no effects (sound, animation); font size at least 30pt, title 60pt
- "5-5-5 rule" should be applied: one slide should include a maximum of five entries containing no more than five words each, and there should not be five slides with text only
- Coordinate text and background color for better contrast and visibility
- The participants who will have oral presetations should deliver their presentations withi timespan of **10 MINUTES** (please keep in mind that the discussions wil be held after the presentation is delivered; after the first 7 minutes, you will be informed by a sound that you have got 3 minutes left). **Please be so kind to keep your persentation within the given timespan.**

Poster

- The title must be the most noticeable part of the text and must not be entirely written in CAPITAL letters; it must be positioned in the center or left on the poster, size at least 2,5 cm
- All the posters **HAVE TO be written in English**
- Design should enable easier reading and understanding of the content – use images, graphics and smaller blocks of text
- It is advisable that you use **pies and charts** instead of tables for the sake of visibility clarity
- Coordinate text and background color for better contrast and visibility
- Poster size: width 90cm, height 120(150) cm (pae layot: portrait)
- Contents: title, full names of authors **(with diacritical signs, no initals),** affiliations of all authors, contact
- The oral presentation of the poster is strictly **5 minutes**
- e-mail: background/goal of research, methods, results, discussion and conclusion
- All the posters should be handed in to the organizational committee of the congress during the registration

2) Abstracts

- **Please abide by abstract formatting instructions provided here:**
    NeuRi 2018 Example
    NeuRi 2018 Lukic Abstract Example
- Sent to neuri@foss.hr
- **Composed in Abstract Submission Form**
- Written in English language
- TITLE: short, informative, contains key words, **must not be written in CAPITAL letters**
- AUTHORS: full name of every author with belonging institutions written underneath the full name (name of department, institution, city, country **(please check the correct name of your institution in English**); no titles in the names of autors
- TEXT: up to 300 words, gramatically correct
- If applicable, the abstract should contain a short **introduction** describing current knowledge on the theme, **background/goal** explained in one sentence, **materials and methods** explaining the timeframe, number of subjects and course of research, evidence-based **results** followed by a **conclusion**
- The abstract should be written in meaningful sections, but without giving a subtitle to each section (i.e. avoid AIM, METHODS, MATERIALS…)
- The list of references need not and should not be included in the abstract
- Up to 5 key words, separated by a comma, based on MeSH
